

Project Meeting Check-in

What has the team accomplished since the last time you met with the instructional team?

We started using GIS tools to map out neighborhoods in Greenbelt. Our client, Bob Rand, has been using *geojson.io* to outline key areas, like the 1,600-unit GHI Greenbelt homes and the 2,800-unit Franklin Park apartments. We also pulled census data and connected it to these areas to better understand demographic trends.

What is the team hoping to accomplish in the next two-week sprint

We plan to refine our maps by adding demographic data from the 2020 Census. We'll use maps from *GHI.coop* and the Greenbelt Racial Equity site to improve accuracy. Our goal is to better visualize how the population in different neighborhoods has changed over time.

What challenges has the team faced?

Some team members are still learning how to use GIS tools, which has slowed progress. *Geojson.io* helps outline areas, but we're not sure if it meets all our needs. Also, finding detailed historical demographic data has been difficult, and coordinating with Howard University's urban planning team might still be tricky due to scheduling.

Screenshots:

The screenshot shows the Jira project dashboard for 'Greenbelt Reparation'. The interface includes a sidebar with navigation options like 'Your work', 'Recent', 'Starred', 'Apps', 'Plans', 'Projects', 'Starred', 'Greenbelt Reparation', 'View all projects', 'Filters', 'Dashboards', 'Teams', and 'Customize sidebar'. The main content area displays the project board with columns for 'TO DO' (8 items), 'IN PROGRESS' (1 item), and 'DONE' (0 items). The 'TO DO' column lists tasks such as 'Sprint 1: Revised Project Plan' (due 05 Mar 2025), 'Client Meeting' (due 12 Mar 2025), 'Assignment Sprint 1: Internal Project Check-in Meeting' (due 05 Mar 2025), and 'Sprint 1: Internal Project Check-In Action Items Summary'. The 'IN PROGRESS' column shows 'Sprint 2' (due 26 Mar 2025) with a progress bar at 1/6. The 'DONE' column is currently empty. The top of the dashboard features a search bar, a '+ Create' button, a 'Premium trial' badge, and a notification bell icon.
